GUIDED VISITS

This route through the harbour's zone has been created with the purpose of showing the very interesting history of Poblats Marítims. The itinerary starts with a visit to the fishermen's neighbourhood, passing by the Veles e Vents' building, the Aduana the Clock's building until we reach the Santa María del Mar's church

OUR STORY

We are a Tourist Consulting Office that will show you Poblats Marítims, proposing activities and giving information about the resources and products of this district; thanks to the diverse tourism's typologies we can find here.

We count with professionals who are willing to attend you in the best manner possible, trying to help you learn in a fun and easy way, a little bit more about this maritime zone.
