Vidal de Canelles'
Street, 246011,
València, Valencia.

CONSULTING OFFICE

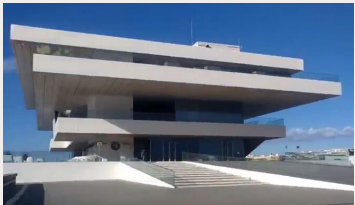

COME AND DISCOVER POBLATS MARÍTIMS

Santa Maria del Mar

The Shipyard

Veles e Vents

Customs' building

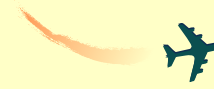

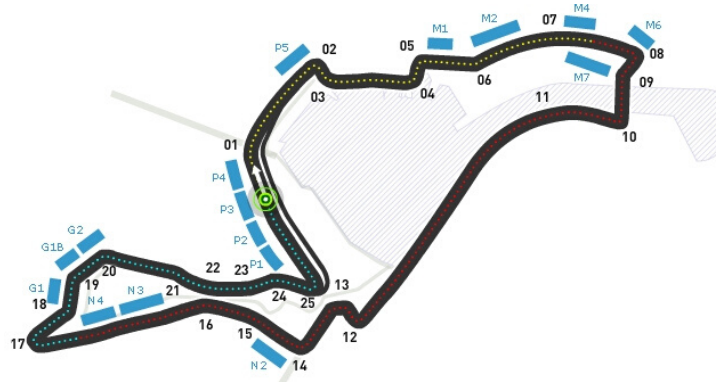

Clock's building

Shed n° 4

This visit is different to the other ones we offer because of its route, as it is based on the old F1 urban circuit of Valencia. In this one we will show you ten of the resources we can find along the path:

- Valencia's harbour.
- Shed 4.
- Old station of El Grau.
- Clock's building.
- Santa María del Mar's Church.
- The Shipyard.
- Customs' building.
- The Marina of Valencia.
- The old public dry dock of Valencia.
- The Veles e Vents' building.

The visit will be finished in the bridge that is settled in front of the Marina Beach Club. This bridge was built just because of the building of the circuit, and it is currently out of use, as it is permanently open for the boat's access.
